

AGREEMENT TO RECYCLE

Waste reduction, reuse, recycling and composting are important! Tenants here are relied upon to do their part.

- I have been provided with detailed information about the recycling and organics programs and agree to properly sort the waste generated in my home.
- I will place organic material (food scraps, food-soiled paper, and yard trimmings) in the cart or bin labeled "Organics Only." I've been provided with a kitchen pail to collect these items in my home and transport them to the larger cart or bin.
- I will place mixed paper (junk mail, magazines & catalogs, paper packaging, and more) in the cart labeled "Mixed Paper Only." I will place aluminum, glass and plastic bottles, cans, jars, and tubs in the cart labeled "Containers Only." I've been provided with a recyclables tote bag to collect these items in my home and transport them to the appropriate carts.
- I will flatten and cut-down cardboard boxes and place them in the cart or bin labeled "Cardboard Only."
- I will make sure that all who share my living unit are aware of waste collection programs here and that they make every effort to sort and dispose of their waste correctly.
